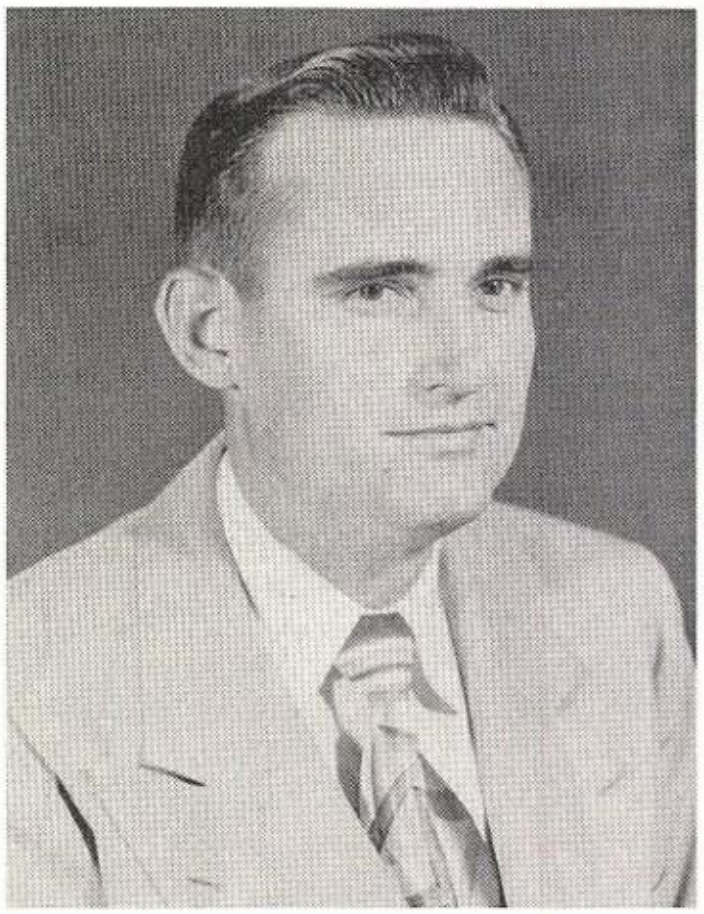
Dedication



The annual staff of the Kyle High School affectionately dedicates this 1953 PANTHER to Coach Weldon Moody. We want most gratefully to express our deep appreciation to him for his work here in KHS.

His patience and understanding, along with his readiness to lend a helping hand to us all, make him a lasting friend to both students and faculty.

Under the guidance and experience, the sports department of Kyle High has risen to great heights. We will always remember him with great affection and respect.

To the student body:

I wish to congratulate you on your achievements. These memoirs of your activities in word and picture will bring many fond recollections of your days in the Kyle High School. You have extended me many courtesies, and at all times have rendered helpful assistance and cooperation. Working with you will always be one of the many satisfactions I have had.

For some of you, graduation will mean the beginning of an academic career, while for others it will be the beginning of a life of service for your country. Whichever the case, may you hold fast to the perspective that you have so diligently gained in the past school years.

You have my sincerest wishes for continued success.

Your teacher and friend,

James Maddux
